Market review

Buyout activity remained high in the Nordic region during the third quarter, both on the buy- and the sell-side. The general underlying strength of the Nordic economies continues to act as a catalyst for private equity activity in the region, with the good availability of bank financing a contributing factor. Most of the buyout transactions have emanated from the small and mid-cap segments, where managers are reporting particularly strong deal flows.

AUDITORS' REVIEW REPORT

Introduction

We have performed a review of the condensed interim financial statements for NAXS Nordic Access Buyout Fund AB (publ) at 30 September 2010 and the nine-month period then ended. The Board of Directors and the Managing Director are responsible for the preparation and presentation of these Interim financial statements in accordance with IAS 34 and the Swedish Annual Accounts Act. Our responsibility is to express a conclusion on the condensed interim financial statements based on our review.

Scope of Review

We have conducted our review in accordance with the Standard on Review Engagements, SÖG 2410, "Review of Interim Financial Statements Performed by the Independent Auditor of the Entity", issued by the Swedish Federation of Authorized Public Accountants. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review has a different purpose and a substantially less scope than an audit conducted in accordance with the Standards on Auditing in Sweden (RS) and other generally accepted auditing practices. The procedures performed in a review do not enable us to obtain such a level of assurance that would make us aware of all significant matters that might be identified in an audit. Accordingly, a conclusion based on a review does not constitute the same level of assurance as an opinion based on an audit.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the interim financial statements are not prepared, in all material aspects, for the group in accordance with IAS 34 and the Swedish Annual Accounts Act and for the parent company in accordance with the Swedish Annual Accounts Act.
