Operations

NAXS Nordic Access Buyout Fund AB (publ) (“NAXS” or the “Company”) operates as a fund of funds with investments in Nordic buyout funds. The objective is to make the Nordic private equity market accessible for a broader range of investors, while offering liquidity through the Company’s publicly traded shares. The investment strategy is oriented towards a selective but diversified fund portfolio.

Operations commenced on April 17, 2007, and the Company was listed on First North on May 14, 2007. Since June 8, 2010, the Company is listed on the NASDAQ OMX Stockholm.

NAXS is the Group’s parent company and is headquartered in Stockholm. In addition to the parent company, the Group consists of an operational Norwegian subsidiary, NAXS Nordic Access Buyout AS, headquartered in Oslo (“NAXS AS”). The subsidiary operates as a holding company for the Group’s fund investments.

Naccess Partners AB has been contracted as the investment advisor to NAXS AS.

Market review

Since the summer, the worsening and widening of the European sovereign debt crisis and Standard & Poor’s downgrade of the US debt triggered fears of a “double-dip” recession, which has negatively affected investors’ sentiment and caused stock markets worldwide to fall. These factors, coupled with more restrictive loan conditions from financing institutions, started to affect private equity investment activity in the third quarter. As to the exit activity, the financial market turbulences have largely closed the door to initial public offering as a mean of exit for buyout funds in the short term.

Fund portfolio

NAXS made in July a MSEK 65 commitment to Valedo Partners Fund II AB (“Valedo II”). Valedo II has been established with a committed capital of MSEK 2,000 and is the successor to Valedo I, which was raised in 2006/2007 with a committed capital of MSEK 1,000. Valedo II has the same investment focus and strategy as Valedo I, investing in leading Nordic lower middle market companies where long-term value creation is primarily driven by growth. Valedo II is, just like Valedo I, structured as a Swedish private limited liability company (Aktiebolag).

Further to the commitment to Valedo II, NAXS had commitments to 8 underlying funds as of September 30, 2011.

At the end of the reporting period:

- The book value of fund investments amounted to MSEK 372, which corresponds to 63 percent of the Company’s total equity;
- Outstanding investment commitments amounted to MSEK 334, which can be used by the underlying funds for new investments;
- Total investment commitments to underlying funds amounted to MSEK 704, which corresponds to 119 percent of the Company’s total equity.

Acquisitions and divestments

At the end of the third quarter of 2011, NAXS’ underlying funds had acquired a total of 69 companies, 4 of which had been divested. The 4 exits have generated returns of over 25% per year.

During the quarter, NAXS’ underlying funds closed or signed 3 new acquisitions and a number of add-on acquisitions.

No exit occurred during the quarter.

In August, FSN Capital III proceeded to a recapitalization of one of its portfolio companies. The recapitalization returned in excess of the total original investment in the company.

September 30, 2011

- Total commitments: 119 % of total equity

At the end of the reporting period, NAXS' total investment commitments to underlying funds amounted to KSEK 704 459 (the difference between the initial commitments, KSEK 721 168, and total investment commitments can be explained by the fact that a commitment decreases with each exit effected by an underlying fund). Events after the interim period

There are no events to report after the interim period.

Future prospects

The negative economic and financial developments of the third quarter can be expected to continue to affect investors' sentiment during the short to medium term. This can also result in a growing gap between sellers' and buyers' expectations, as it was the case during the 2008-2009 financial crisis. In addition, financing institutions are likely to take more restrictive views on financing. As a result, the pace of private equity activity could experience a slow down in the coming quarters. Nevertheless, NAXS still expects its investment level to continue to gradually increase until year-end.

The financial market developments since the summer have resulted in lower valuations for listed companies, which can negatively affect the funds valuations of unlisted holdings.

Parent company

The parent company has not had any sales during the interim period. The profit (loss) after financial items amounted to KSEK 2,641 (-4,391). Profit in the comparative period was negatively affected by the costs of the change of listing. Net interest income has improved by KSEK 3,485 as a result of higher interest rates and increased lending to group companies. Income tax amounted to KSEK - 695 (1,151) and consisted of decreased deferred tax assets. The net profit (loss) amounted to KSEK 1,945 (-3,240).

The Company's CEO is Lennart Svantesson. The Board of Directors consists of Björn C. Andersson (chairman), Robin Ahlström, Frans Boch and Birgitta Johansson-Hedberg.
